## Children's Home + Aid Mother House

**children's home + aid**

My name is Britney Green. I am a young single mother of three small children, a daughter, Autumn 5, a son, Jeremiah 3, and my baby boy, Cristian 1 year old. I am writing this letter in support of MotherHouse Crisis Nursery and also to express my gratitude for the help they have given me in so many ways. I have been able to use MotherHouse for my substance abuse meetings and I now have more than 2 years sober. MotherHouse helped me with a work related crisis when I had to work 15-16 hour shifts on the weekends and I had not babysitter or daycare. They gave me parental stress breaks when I felt like I was losing my mind with everything on my plate. They also helped me through my housing crisis when I had to leave an apartment suddenly. They supported me through medical crisis's this year, both of my boys have been in the hospital for serious illnesses. I couldn't imagine making it on my own without the help of MotherHouse. I've also used them for transportation purposes when I had no way to get my children from school or daycare. Not to mention MotherHouse provides emotional support. I am able to call the staff anytime I need to talk or for parenting tips. Last but not least they gave me financial help with clothing, diapers, formula, etc. when I was unemployed and unable to provide. One simple letter could never express how grateful I am for having such a wonderful place in the community with such caring and compassionate staff and volunteers. All I can do is show them my continuing growth and strength as a single mother and maybe one day be able to return the favor by helping other struggling mothers. Thank you MotherHouse Crisis Nursery.

Sincerely,

Brittany Green & Family
