Great Things Happen When We LIVE UNITED. Over the past two years, United Way has been blessed to have the support of generous donors like you. Your gifts of nearly $9 million have ensured that our work in the community is relevant and on-point. Together with stakeholders and community partners, we are directing creative programming with a two-generation approach in neighborhoods so that adults and children are empowered to succeed.

United Way will continue to focus on making every neighborhood in our community a Strong Neighborhood, but we can’t accomplish this important work without you. United Way depends on the generosity of individuals and local businesses to fund our initiatives and our partnerships with nonprofit agency programs. We believe that every dollar contributed to United Way changes a life. For instance, when an individual donates:

- United Way connects parents and other adults facing transportation and other obstacles directly with job skills training and employment opportunities in their neighborhoods;
- United Way prepares pre-k children and their families to succeed in school with family engagement activities and school readiness materials;
- United Way helps senior citizens live an independent life by providing them with nutritional meals and other adult services.

Thank you for being a part of our incredible work as a donor, volunteer, and community advocate.

Thank you for choosing to LIVE UNITED.

Sincerely,

Paul A. Logli
CEO and President
